Welcome back to a new school year. This is always an exciting and often scary time for our Grade 6 students as they come to the final year of their primary education. This term students will be investigating Australia’s history during the late 1800’s, specifically the Federation of Australia in 1901. This will include the contributions of women and Aboriginals during this period.

They will be developing their knowledge of Geography. Interpreting statistical data, maps and graphs etc.

If you have any questions regarding the grade 6 curriculum, please don’t hesitate to contact me.
