

Year 1 – 2025 Parent Payment

Dear Parents and Carers,

Maramba Primary School is looking forward to another great year of teaching and learning and would like to advise you of Maramba's voluntary financial contributions for 2025.

At Maramba we are committed to providing all students with free instruction to fulfil the standard Victorian Curriculum and we want to assure you that all contributions are voluntary.

Our environment and the resources that we enjoy today represent the contributions made by our parent/carer community over many years. Parent/carer voluntary contributions make a significant difference to the quality of our programs. The ongoing support of our families ensures that at Maramba we are able to continue to grow, innovate and strengthen our practice and facilities by offering the very best possible care, support, wellbeing, and education, for all our students and families.

Your contribution in 2024 supported us in:

- Upgrading technologies and devices to ensure students have the best tools for learning
- providing high quality programs and resources for classroom and specialist programs
- providing consumable resources for our STEAM and Kitchen Garden program
- maintaining and developing the school grounds
- contributing to our Little Learners Love Literacy program
- providing individual student supplies and class bulk supplies

Over \$45,000 was provided to meet the shortfall in the voluntary contributions on curriculum consumables provided by our teachers for your children to experience a broad range of teaching and learning programs.

The Department of Education does **NOT** allocate additional funds to our school for the purchase of stationery, classroom, and specialist consumable materials. We supplement the parent voluntary contributions with the funds we receive for our student programs from the Department of Education, for your child to experience a broad range of teaching and learning programs.

The cost for the Parent Payment Voluntary Contributions is approximately \$75,000 a year. To put this into perspective this is equivalent to having each year:

- a new playground or
- 100 new student laptops or
- Part time teacher

This is why voluntary contributions families make are greatly appreciated and have a significant benefit to the joy and learning of all our students.

As a small community school, we want to thank you for all your continued support, whether a financial contribution, fundraising or volunteering your time. This makes a significant difference to the teaching and learning programs we are able to provide and is invaluable to our students, our school and community.

On behalf of our students and staff we thank you for your contribution.

Yours sincerely,

Moniba Ehsan
